

Unreliable CIS Data Is Out-of-Date and Context

Released on Sun, Mar 08, 2009

Newspaper and television are running a narrow story quoting out-of-date and out-of-context data prepared by the immigration restrictionist group, the Center for Immigration Studies (CIS), who are alleging that 300,000 "illegal immigrants" will benefit from jobs created by the recently-approved economic stimulus plan. Unfortunately, these stories provide no counter-analysis from other research groups or experts who study these issues.
